

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since 1959. Whether the work entails transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will help make the job go easier and faster. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement capabilities. There are even various optional Lull attachments for their telehandlers so as to help do whatever task.
